

6

B♭ Cl.  tons in fact are made up of three se - per - ate pie - ces It

Guit.  7

Drs.  X

7

B♭ Cl.  just gets more con - fu - sing as our know - ledge in - crea - ses But

Guit.  7

Drs.  X

8

B♭ Cl.  that is what a quark is, it's a piece of a pro - ton And they

Guit.  7

Drs.  X

9

B♭ Cl.  al - so make up oth - er things in - clu - ding the neu - tron Oh

Guit.  7

Drs.  X

10

B♭ Cl. Up Down Strange Charm Top Bot - tom If you

Guit.

Drs.

11

B♭ Cl. don't know what a quark is, it don't mat - ter you still got 'em And with

Guit.

Drs.

12

B♭ Cl. lep - tons and bo - sons un - less some-thing's a - miss They make up

Guit.

Drs.

13

B♭ Cl. ev - ery thing that we can see and that we know e - xists

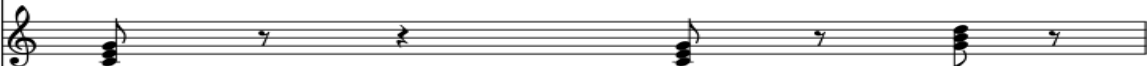

Guit.

Drs.

14

B♭ Cl. 

Par - ti - cles made of quarks in - clud - ing pro - tons and neu - trons

Guit. 

Drs. 

15

B♭ Cl. 

Are com - po - site par - ti - cles that phy - si - cists call had - rons

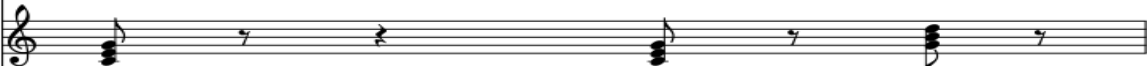

Guit. 

Drs. 

16

B♭ Cl. 

Ma - ny types of had - rons are theor - et - ical - ly des - cribed But

Guit. 

Drs. 

17

B♭ Cl. 

most e - xist for on - ly ve - ry brief a - mounts of time Quarks

Guit. 

Drs. 

18

B♭ Cl. have el - ec - tric charge, co - lour charge, mass, and spin And

Guit.

Drs.

19

B♭ Cl. hav - ing co - lour charge means they e - xist sole - ly in - Side of

Guit.

Drs.

20

B♭ Cl. o - ther types of par - ti - cles and can - not e - xist a lone Which is

Guit.

Drs.

21

B♭ Cl. why quarks have ne - ver been stu - died on their own Oh

Guit.

Drs.

22

B♭ Cl. Up Down Strange Charm Top Bot - tom If you

Guit.

Drs.

23

B♭ Cl. don't know what a quark is it don't mat - ter you still got 'em And with

Guit.

Drs.

24

B♭ Cl. lep - tons and bo - sons un - less some-thing's a - miss They make up

Guit.

Drs.

25

B♭ Cl. ev - ery thing that we can see and that we know e - xists

Guit.

Drs.

26

B♭ Cl.  Quarks can join to - ge - ther in two diffe - rent ways

Guit. 

Drs. 

27

B♭ Cl.  Ba - ry - ons and me - sons, but most ins - tant - ly de - cay If a

Guit. 

Drs. 

28

B♭ Cl.  par - ti - cle has three quarks, then it's a ba - ry - on And if there's

Guit. 

Drs. 

29

B♭ Cl.  one quark and an an - ti - quark, then it is a me - son These

Guit. 

Drs. 

30

B♭ Cl.  ti - ny bits of mat-ter are part of al - most ev - ery - thing And there

Guit. 

Drs. 

31

B♭ Cl.  is no un - i - fied theo - ry to make it less con - fu - sing But the

Guit. 

Drs. 

32

B♭ Cl.  fact that we've i - den - ti - fied that they e - xist at Is

Guit. 

Drs. 

33

B♭ Cl.  so god - damn re - mark - a - ble that I just sit in awe Oh

Guit. 

Drs. 

34

B♭ Cl. Up Down Strange Charm Top Bot - tom If you

Guit.

Drs.

35

B♭ Cl. don't know what a quark is it don't mat - ter you still got 'em And with

Guit.

Drs.

36

B♭ Cl. lep - tons and bo - sons un - less some-thing's a - miss They make up

Guit.

Drs.
