

Drum Styles

Copy and paste a pattern into your own score

1. Set up a 5-line drumset staff in your score
2. Open this score and select the drum pattern: click in the first bar of the pattern you want and Shift-click in the second bar)
3. Press Ctrl+C (Command+C on Mac) to copy
4. Open your score
5. Select the bar where you want the pattern to appear
6. Press Ctrl+V (Command+V on Mac) to paste

Jazz swing rhythms

The swing rhythm will not play back with a swing feel in this score, but you can set your own score to play back with a swing feel:

1. Go to Display > Play Panel
2. Choose Swing from the drop-down menu
